DEPARTMENT OF
NATURAL RESOURCES
STATE OF UTAH
IN THE MATTER OF TENTA-
TIVE APPROVAL OF THE MIN-
ING AND RECLAMATION
PLAN SUBMITTED BY UNITED
STATES GYPSUM COMPANY,
SEVIER COUNTY, UTAH
NOTICE OF TENTATIVE AP-
PROVAL NO. M/041/008

THE STATE OF UTAH TO
ALL OPERATORS, TAKERS OF
PRODUCTION, MINERAL AND
ROYALTY OWNERS, AND
PARTICULARLY ALL PER-
SONS INTERESTED IN SEC-
TIONS 14, 15, 21, 22, 23, 28, 29,
32, AND 33; TOWNSHIP 22
SOUTH; RANGE 1 WEST;
SLBM, SEVIER COUNTY,
UTAH.

Notice is hereby given that
tentative approval was given by the
Division of Oil, Gas and Mining,
on September 22, 1987, to United
States Gypsum Company to con-
tinue surface mining operations in
Township 22 South, Range 1 West
of Sevier County, Utah.

The name of the mining opera-
tion is the Jumbo-Jensen Quarry,
and the person representing the
company is Mr. James Jennings,
Quarry Superintendent, P.O. Box
120, Sigurd, Utah 84657.

United States Gypsum Company
has fulfilled obligations under the
Utah Mined Land Reclamation Act
of 1975 (Section 40-8, UCA, 1853,
as amended) with specific reference
to Section 40-8-13 and will employ
the following mining and reclama-
tion techniques on approximately
155 acres of private land.

During Operations

Haul roads will be constructed to
the deposit, and the gypsum will be
quarried in 20-foot benches. Gyp-
sum rock will be loaded on trucks
and hauled seven miles to the plant
for processing. Available topsoil
and overburden will be stockpiled
for future reclamation.

Following Operations

Reclamation of mined-out areas
will be performed at a rate of ap-
proximately ten acres per year for
the next ten years. Reclamation of
the quarries is to consist of regrad-
ing of the waste material into the
quarry area, placement of soil
material, ripping with a dozer, and
reseeding with native vegetative
species. Haul roads which do not
have a postmining use will be
ripped and seeded, and water drains
will be installed as necessary.

Any person or agency aggrieved
by this tentative decision is hereby
requested to submit written protest
within thirty (30) days of the date
of publication to the Division of
Oil, Gas and Mining, 355 West

reasons for his or her complaint,
and thereafter, at a time and place to
be established, appear before the
Board of Oil, Gas and Mining to
show cause, if any, why this mine
plan should not be approved.
